

# Wikieducator

- Wikieducator is yet another community of people aiming at:
  - Developing free content for use in education
  - Helping in establishment of community networks and collaboration in education
  - Fostering the use of new technologies to improve quality of education
- Commonwealth of Learning is the main supporter of Wikieducator

- Wikieducator focuses on
  - Helping educators acquire skills needed to develop high quality learning resources
  - Developing free content so that resources can be re-used in different contexts
