COMMONWEALTH *of* LEARNING

learning for development

Commonwealth of Learning

COL is an intergovernmental organisation created by Commonwealth Heads of Government to encourage the development and sharing of open and distance education knowledge, resources and technologies.

Sir John Daniel

“For my generation the great innovation was the course team. For the next I suspect that it will be Open Educational Resources.”

We're turning the digital divide into digital dividends using free content and open networks. We hope you can help us.

The promise of OER

Knowledge is infinitely scalable

"If you have an apple and I have an apple and we exchange these apples then you and I will still each have one apple.

But if you have an idea and I have an idea and we exchange these ideas, then each of us will have two ideas."

George Bernard Shaw
