# cavity closer

**H3.2 batten and PVC closer**

**corner box being stuck toge**

# corner boxes

corner soaker

installing flashing

also cavity b  
closes the cav

nailing on  
the weatherboard

doing fascia

using a storey rod

installing a building wrap

Here we were cutting the weather boards. Correct blade had to be used as it is a fibre cement board. Also dust mask ear muffs and glasses had to be used.
