

# VOCABULARY EXERCISE

## NEON WORDS!

*Speed Writing – writing subconsciously.*

- Give the class a phrase. Ask students to write it down as you say it, then keep writing absolutely any other words that come into their heads for the next MINUTE.

Eg:

*“It was **by far the bluest..**” sky clouds little fluffy clouds Arizona big seamless sorry hurry no no no yes sausage sorry large pale cold pink trying too much no yes yes okay no problem sweet as Bas.*

- Ask students to underline the most surprising word they wrote; their NEON WORD.
- Go around class, ask for each student’s neon word – write up on board.

*Good starter exercise.*
