

# Secret (shh!) URLS!

How are these useful?

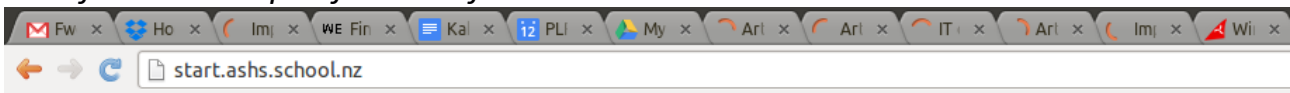

*Because we can get other people to work with us on our impact projects! Feedback, suggestions, collaboration!*

Amazing! So how do I generate one so I can give people access to my/our e-portfolio?

1) Log into e-portfolio from [ashs.start.school.nz](http://ashs.start.school.nz)

*Remember, if this is your first time logging in, you'll need to go to INTRANET first and then follow the e-portfolio link from there.*

## ASHS Start Page

- 2) Go to the groups tab (or the portfolio tab if you are working on your own) and enter the right group for your impact project.
- 3) Click on share
- 4) Click the lock to generate a secret URL!

- 5) Click Add
- 6) Copy and paste this and send to your tutor, mentor, people at home, stakeholders, experts and whoever else you want!
