## "Supervisors" Questionnaire.

Pilot Name:	Supervisor Name:
	leted on behalf of each course participant by a SSO, SO or adv s regularly been involved with the pilot.
Pilot's expe	erience level:
	Student
	Early Restricted
	Experienced Restricted
	Intermediate
	Advanced
Pilot's assessment of weather conditions:	
	No judgment skills
	Some judgment
	Good judgement of real risks in all weather conditions
If the pilot has made a decision to fly on the basis of their own assessment of weather conditions do they conduct the setup and flight?	
	In a nervous manner doubting their own judgment
	In a calm manner with a further check on conditions prior to flying.
	In a brash fashion- they have decided and will fly no matter what changes occur to conditions.
Is the pilot a "1 site pilot"? Does the pilot fly regularly at multiple sites?	
	Never, always at this site
	Occasionally, a few times a year they will go elsewhere if another pilot takes them.
	Sometimes, will initiate flying at other sites in the area.
	Regularly, travels to sites far and wide.

Is the pilot flying?	a "1 category pilot"? Do they only participate in one style of	
	Coastal only	
	Coastal and inland	
	Inland only	
	Inland and tow	
	Tow only	
	All types	
In your opinion is the pilot progressing in competency towards being a safe, versatile long term member?		
	No	
	Maybe but slowly	
	Probably	
	Yes	
Does the pilot have any special areas of need which we could incorporate in this course?
