

## LESSON EIGHT

Watch film version of Tybalt fight

*(try older Zepherelli version if you watched the Luhmann version for the opening fight scene)*

### INTEGRATED WEB TASK

- Give students an A3 sheet outlining character icons representing each participant in this scene.
- Ensure clarification as to which icon represents which character – ask for feedback
- Ask students to explain connection in discussion between each icon as per the arrows on the A3 sheet. Might like to write these connections on board.
- Once connections are clarified ask students to fill in their integrated webs with as many details (relationships, plot events, traits...) and as much colour as they can. Ask for titles/labels as well. A colour-key might be useful here.
- Make it as pretty as they can!
