6. Activity : Use of computers for audio- video CDs

1. Keep a few empty CDs with you. Practise CD writing using 'send to' option.

2. Make a copy of video CD.

3. Make a data CD using Nero Express/Nero StartSmart software.

4. Using 'send to' option, try to write different files to the same CD at different times.

5. Collect audio CD and play the CD on your computer.

6. Write your files to empty CD.

Share your difficulties faced at the time of practise. How do you internalize the process?
